

ORDINANCE NO. 15-07

AN ORDINANCE OF THE MAYOR AND CITY COUNCIL OF THE CITY OF MARICOPA, ARIZONA, AMENDING THE CITY OF MARICOPA ZONING MAP TO INCLUDE A MIXED USE HERITAGE OVERLAY DISTRICT AS DESCRIBED IN ZONING CASE ZON 15-02 FOR A PORTION OF THE PROPERTY DECLARED AS THE REDEVELOPMENT DISTRICT BY RESOLUTION 08-48, NOW KNOWN AS THE HERITAGE DISTRICT, WITHIN THE CITY OF MARICOPA INCORPORATED LIMITS.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MARICOPA, ARIZONA, AS FOLLOWS:

Section 1: That the City of Maricopa Zoning Map, established pursuant to Section 102.02 of the Maricopa Zoning Code, is hereby amended to include the Mixed Use Heritage Overlay District for Zoning Case ZON 15-02, which is attached to this Ordinance as Exhibit "1" and signed by the Mayor and City Clerk.

Section 2: Further, those conditions of approval imposed by the Maricopa City Council as part of Case ZON 15-02 are hereby expressly incorporated into and adopted as part of this Ordinance by this reference.

Section 3: To the extent of any conflict between other City Ordinances and this Ordinance, this Ordinance shall be deemed to be controlling; provided, however, that this Ordinance is not intended to amend or repeal any existing City Ordinance, Resolution or regulation except as expressly set forth herein.

Section 4: This Ordinance shall become effective thirty (30) days from the date of adoption by the City Council for the City of Maricopa.

PASSED AND ADOPTED by the Mayor and City Council of the City of Maricopa, Arizona, this 19th day of May, 2015.

 Mayor

Narrative

On January 9, 2015, the City of Maricopa Planning and Zoning Commission initiated this zoning map amendment to implement the Mixed-Use Heritage (MU-H) and Transportation Corridor (TC) Overlay Zoning Districts. These overlay districts include development standards and land use regulations that were vetted through extensive public participation over the past two years. The Zoning Code Rewrite public participation process included city wide open houses and several public meetings and in-depth discussions by a twelve-member Zoning Code Rewrite Task Force consisting of citizens, business owners, and community stakeholders

After considerable discussions and review by the Zoning Code Rewrite Task Force and Heritage Advisory Committee, the Planning and Zoning Commission and City Council approved the new Zoning Code that includes the Mixed-Use Heritage and Transportation Corridor Overlay Districts.

The Overlay Zoning Districts will provide property owners with the following opportunities:

1. Relaxed dimensional zoning standards
2. Expanded retail, office, and service uses
3. Streamlined approval of certain uses
4. Expanded outdoor business display and service
5. Commercial and mixed-use residential development
6. Reduced parking and landscaped standards
7. Updated site and building design guidelines

This request by the City is to officially map the locations of the overlays on the City's Official Zoning Map, to permit future development and redevelopment as intended by the MU-H and TC Overlay Districts. The Mixed-Use Heritage District Overlay will comprise a portion of the Heritage District Redevelopment Area. A boundary map of the overlay district is shown below.

PROJECT NARRATIVE

Dear Property Owner:

On January 9, 2015, the City of Maricopa Planning and Zoning Commission initiated this zoning map amendment to implement the Mixed-Use Heritage (MU-H) and Transportation Corridor (TC) Overlay Zoning Districts. These overlay districts include development standards and land use regulations that were vetted through extensive public participation over the past two years. The Zoning Code Rewrite public participation process included city wide open houses and several public meetings and in-depth discussions by a twelve-member Zoning Code Rewrite Task Force consisting of citizens, business owners, and community stakeholders

After considerable discussions and review by the Zoning Code Rewrite Task Force and Heritage Advisory Committee, the Planning and Zoning Commission and City Council approved the new Zoning Code that includes the Mixed-Use Heritage and Transportation Corridor Overlay Districts.

The Overlay Zoning Districts will provide property owners with the following opportunities:

1. Relaxed dimensional zoning standards
2. Expanded retail, office, and service uses
3. Streamlined approval of certain uses
4. Expanded outdoor business display and service
5. Commercial and mixed-use residential development
6. Reduced parking and landscaped standards
7. Updated site and building design guidelines

This request by the City is to officially map the locations of the overlays on the City's Official Zoning Map, to permit future development and redevelopment as intended by the MU-H and TC Overlay Districts. Over the coming months, the City's Planning Division will be holding open house meetings for the public, to discuss the proposed zoning map amendment. You will receive a second notification advertising the dates scheduled for public hearings with the Planning and Zoning Commission and City Council.

We encourage your attendance should you have any questions regarding these Overlay Zoning Districts. On the following pages you will find an area map highlighting the proposed Overlay District boundaries, and a Frequently Asked Questions (FAQ) sheet and a list of the scheduled open house meetings.

For more information, please visit the City's Planning Division website at www.maricopa-az.gov/web/planning-zoning or contact Rodolfo Lopez at 520-316-6986 or by email at Rodolfo.lopez@maricopa-az.gov with any questions or comments. Copies of the Overlay Districts map and the Zoning District Codes (Article 301 & 302 of the City of Maricopa Zoning Code may be available for pick at the front counter of City Hall and the Library.

Thank you.

City of Maricopa Staff

Re: Comments to Zoning Overlay Designations, ZON15-01 and ZON15-02
(collectively, the "Project")

Dear Mr. Lopez:

Thank you for allowing Union Pacific Railroad Company ("UP") the opportunity to submit the following comments in response to the notice on the above-referenced Project. UP is a Delaware corporation that owns and operates a common carrier railroad network in the western half of the United States, including the State of Arizona. UP's rail network is vital to the economic health of Arizona and the nation as a whole and its rail service to customers in the Maricopa area is crucial to the future success and growth of those customers.

As a rail carrier, UP and its main line property are regulated by the Surface Transportation Board ("STB") under the Interstate Commerce Commission Termination Act of 1995 ("ICCTA"), and the STB's jurisdiction over many aspects of railroad transportation is exclusive. As interpreted by the STB, when local land use restrictions, like zoning requirements, frustrate transportation related activities and interfere with interstate commerce, such restrictions are preempted by ICCTA. If the Project location includes UP's main line property, the Project should not seek to impose any zoning restrictions on UP's main line property or at most should align any restrictions with the breadth of transportation activities and related uses appropriate for such a railroad corridor.

Additionally, there are at-grade rail crossings within the Project area. Any land planning decisions should consider that train volumes in and near the Project area may increase in the future. UP also asks that the City and the Project developers keep in mind that this is a vital and growing rail corridor and nearby land uses should be compatible with this continuing rail use. During the City's review of the Project, UP requests that the City examine the risks associated with any proposed residential, commercial, or uses other than industrial, if any, near UP's railroad property. For example, zoning that allows residential or retail uses near the rail corridor could result in increased pedestrian traffic, vehicular traffic and the likelihood of trespassing on the railroad right of way.

At-Grade Rail Crossing Safety

The safety of UP's employees, customers, adjoining land owners, and the communities we operate through is our top priority. Should the Project affect property at or near any at-grade crossings, we recommend the City meet with UP and the Arizona Corporation Commission – Railroad Safety Section to discuss the proposed Project. UP also suggests the City consider holding railroad and crossing safety presentations, such as Operation Lifesaver, for the public on an appropriate basis.

Increased Traffic Impact

Any potential increase of pedestrian and vehicular traffic may conflict with train operations by causing trains to proceed more slowly through the City, and/or make more frequent emergency stops, which would make rail service less effective and efficient. Any increase in traffic as a result of the Project may also render inadequate the current safety devices in place on the nearby at-grade rail crossings. We ask that the City examine any projected increases in pedestrian and vehicular traffic and the impacts on any nearby at-grade road crossings to see if any mitigation measures should be included in the Project and then require such measures be implemented as part of the Project.

Trespassing / Fencing

If zoning changes are approved near railroad right of way, we ask that the City require future developers to mitigate the safety risks. In particular, the City should consider requiring future developers to install barrier walls or block fences, and/or "no trespassing" signs designed to prevent local residents from being too near or trespassing onto UP's railroad property. Buffers and setbacks should also be required adjacent to UP's right of way.

Noise and Vibration Impact

UP's 24-hour rail operations generate the noise and vibration one would expect from an active railway. Any increase in pedestrian and vehicular traffic over and around at-grade crossings may result in additional horn use by UP employees. Additionally, we ask that the City keep in mind that any development near operating right of way can negatively impact

rail service and create unintended consequences that are in neither the railroad's nor the public's best interests, including land use conflicts due to the nature of rail operations that may cause mechanical odor, noise and vibration. To avoid these types of conflicts, we request the City consider industrial zoning classification for areas adjacent and near to UP's property.

UP appreciates the City giving due consideration to the above concerns, as this proposed Project may result in impacts to land use and public safety. Please give notice to UP of all future hearings and other matters with respect to the Project as follows:

Re: Comments received for Zoning Overlay Designations, ZON15-01 and ZON15-02.

Dear Ms. Ehrhorn:

The City of Maricopa appreciates your timely response in regards to the above-mentioned public notifications ZON15-01 & ZON15-02.

Staff recognizes Union Pacific (UP) importance in rail transportation and its contribution to handle growing east-west intermodal and automotive traffic, specifically the railroad network through Maricopa and Pinal County. Further, staff is fully aware of the UP's main line property and its locations as it runs through the city, we can assure you the Zoning Overlay Designations will not have any impacts or restrictions now, or in the future to UP's network or transportation activities. The Zoning Overlay will serve as buffers and setbacks adjacent to UP's right-of-way.

However, UP should also take note of its historical precedent of leasing UP properties for commercial purposes, adjacent to the main lines to private parties that sometimes fail to meet public health and safety standards. For example, in 2012-13, one of the UP's leased properties was proposed for a kindergarten school and the outdoor playground (state requirement) was proposed to be located approximately 10-20 feet from the UP railroad lines. This type of safety risks on UP's property is a big concern for the City and any help from UP to control and curb such future deleterious uses will assist address concerns you write in your letter, i.e., pedestrian and vehicular traffic conflict, trespass etc. Without UP monitoring or maintaining the leased properties for safety violation, the City will be forced to enforce its law.

We respect your wisdom and desire to protect the railroad network and infrastructure which is vital to the economic health of Arizona and its rail services crucial to the future success and growth for Maricopa customers and the City in general. To this end, the City extends full support to UP and its endeavors, and hope we can continue to communicate in the future to keep each other informed of any violation or encroachment of UP's right-of-way and, or city's regulations.

Please do not hesitate to contact me if you have any questions or concerns.

Sincerely,

Kazi Neaz-E- Haque
Zoning Administrator
